WORK EXPERIENCE

Software Engineer Clementius LLP

01/2023 - Present

Ahmedabad, Gujarat

Achievements/Tasks

- Solely Developed a real-time car diagnostics app using React Native that reads and displays speed and RPM in real-time, utilizing a Bluetooth OBD II adapter.
- Created LangChain-based document chat app for contextual question-answering.
- Published client APIs as SaaS on Azure Marketplace using Azure Serverless functions and Subscription Fulfillment APIs.
- Actively participated in Hyperledger Besu private blockchain implementation with QBFT consensus.
- Deployed and managed backend and frontend applications on cloud platforms, including DigitalOcean and Vultr.
- Developed POC to implement Bitcoin Inscription Flow using ReactJS, NodeJS and ord library.

PERSONAL PROJECTS

Personal Telegram Bot (05/2024 - Present) [🔗](#)

- Developed a personal Telegram bot using Rust and the Teloxide library for automating and enhancing various personal tasks.
- Implemented an expense tracking feature to log and categorize personal expenses efficiently through simple commands.
- Utilized Rust's concurrency capabilities to ensure the bot handles multiple tasks and user requests efficiently.
- Ongoing development includes plans to add more personalized tools and features for enhanced functionality and bug fixes to current features.

Portfolio Website (12/2022 - 01/2023)

- Implemented a responsive and dynamic user interface using NextJS.
- Utilized NextJS's server-side rendering to handle server-side functionalities and data management.
- Included a comprehensive display of my technical skills, highlighting proficiency in various languages and tools.
- Featured a dedicated section showcasing details on the technologies I am using.

EDUCATION

Bachelor of Engineering (ME) Gandhinagar Institute of Technology

08/2015 - 06/2019

CGPA: 8.09

SKILLS

NodeJS

ReactJS

React Native

NextJS

TypeScript

Azure Serverless Functions

Rust

JavaScript

Python

Angular

C

Solidity

Docker

CERTIFICATES

Node.js, Express, MongoDB & More: The Complete Bootcamp (Udemy) (12/2020 - 03/2023) [🔗](#)

React - The Complete Guide (Udemy)
(10/2022 - 12/2022) [🔗](#)

NextJS 14 and React - The Complete Guide (Udemy)
(02/2024 - Present)

The Complete JavaScript Course 2024: From Zero to Expert! (Udemy) (06/2022 - 12/2022) [🔗](#)

LANGUAGES

English

Full Professional Proficiency

Hindi

Full Professional Proficiency

Gujarati

Native or Bilingual Proficiency

INTERESTS

Enjoys reading scientific books

Explores new technologies to stay informed.

Love to learn about how computers work, particularly from a software perspective.

Tinkering with Android, including using custom OSes and delving into internal workings of it.
